Source: Live text from the site (Products → Terms and Conditions) · **Extracted:** 2026-06-13

Terms & Conditions

Controlling Language: The controlling language of these Terms is English. Any translations provided are for convenience only and shall have no legal effect. In the event of any conflict or inconsistency between the English version and any translation, the English version shall prevail.

1. Acceptance of Terms

These Terms and Conditions ("Terms") constitute a legally binding agreement between you ("User," "you," or "your") and Trader Acelerator ("Company," "we," "us," or "our"), governing your access to and use of the website, platform, tools, digital content, and any related services (collectively, the "Service").

By registering an account, clicking "I Agree," making a payment, or otherwise accessing or using any part of the Service, you acknowledge that you have read, understood, and agree to be bound by these Terms in their entirety, as well as any additional policies referenced herein.

If you are using the Service on behalf of a third party or organization, you represent that you have authority to bind that party to these Terms.

Trader Acelerator is, as of the date of these Terms, an independently operated business and trade name. A limited liability company (intended to be named "Trader Acelerator LLC") is in the process of being formed. Until that entity is formed and expressly assumes these Terms, these Terms are entered into with the independent business operating under the Trader Acelerator name. Upon its formation, Trader Acelerator LLC may assume these Terms by written or electronic notice to users, and from the date of that notice forward it shall be the contracting party under these Terms; this section will then be updated to state that entity's name and registered address. References in these Terms to "Trader Acelerator," "Company," "we," "us," or "our" refer to that business and, once formed and upon such assumption, to Trader Acelerator LLC. For any notice, question, or legal contact regarding these Terms or the Service, you may reach us at support@traderacelerator.com (see Section 18).

2. Description of Service — Educational Disclaimer

Trader Acelerator is a digital educational platform designed to provide general educational content about financial markets, trading concepts, technical analysis methodologies, and related topics. The Service includes, without limitation, interactive and AI-assisted tools and features such as AI-generated screenshot/chart analysis, educational quizzes and knowledge challenges (including a timed Daily Challenge), trade-preparation checklists and self-logging tools ("Pre-Flight"), a

community forum, data-visualization features, downloadable educational PDFs, and gamification elements (experience points, ranks, badges, and certificates). The specific features available depend on your plan and may be added, modified, or removed at our sole discretion.

Self-logged data & tools: Any trade details, notes, checklists, statistics, or other information you enter into Pre-Flight or any other tool are self-reported by you, are not verified by us, and are not connected to any brokerage, exchange, or live trading account. Such tools are organizational and educational aids only — they do not place, manage, or execute trades, and nothing they display constitutes financial advice or a performance record certified by Trader Acelerator.

Important — Not Financial Advice: All content provided through the Service, including but not limited to articles, tutorials, PDF documents, AI-generated analyses, chart reviews, forum discussions, and any other material, is provided strictly for educational and informational purposes only. Nothing on this platform constitutes, and should not be interpreted as, financial advice, investment advice, trading recommendations, or solicitation to buy or sell any financial instrument or asset of any kind.

We are not registered as investment advisors, broker-dealers, financial planners, or any regulated financial professional in any jurisdiction. Trading and investing in financial markets involves substantial risk of loss, including the possible loss of all invested capital. Past educational examples or historical market scenarios described within the Service do not guarantee or predict future results.

You acknowledge that any trading or investment decisions you make are solely your own responsibility. Trader Acelerator shall not be liable for any financial losses, damages, or consequences arising from your interpretation or application of any content provided through the Service.

3. Eligibility

To access or use the Service, you must meet all of the following requirements:

- You must be at least 18 years of age.
- You must have the legal capacity to enter into a binding contract under the laws of your jurisdiction.
- You must not be a resident of, or subject to the jurisdiction of, any country or territory subject to comprehensive sanctions by the United States Office of Foreign Assets Control (OFAC), the United Nations Security Council, the European Union, or any other applicable sanctions authority that would prohibit your access to or use of the Service.
- You must not have been previously suspended or permanently banned from the Service by Trader Acelerator.

By creating an account, you represent and warrant that you meet all of the above eligibility requirements. If you do not meet these requirements, you must not access or use the Service. We reserve the right to suspend or terminate any account found to have been created in violation of these eligibility criteria, without notice and without refund.

4. User Accounts

To access most features of the Service, you must register and maintain a personal user account. You agree to provide accurate, current, and complete information during registration and to update such information as necessary.

You are solely responsible for maintaining the confidentiality of your account credentials, including your password. You are fully responsible for all activities that occur under your account, regardless of whether such activities are authorized by you. You agree to notify us immediately of any unauthorized access or suspected security breach.

Account sharing is strictly prohibited. Each account is personal and non-transferable. You may not create, use, or maintain more than one account. Accounts found to be shared, transferred, sold, or duplicated may be suspended or permanently terminated without notice and without refund.

Trader Acelerator reserves the right to refuse registration, cancel accounts, or remove or edit content at its sole discretion.

5. Plans, Payments & Billing

Trader Acelerator offers the following subscription tiers: Free, Standard, and Premium. Each plan provides access to specific features as described on the pricing page, which may be updated from time to time at our sole discretion.

Paid plans are available on a monthly or annual billing cycle. Annual plans are billed as a single upfront payment covering twelve (12) months of access. Monthly plans are billed on a recurring monthly basis.

All prices are displayed in United States Dollars (USD) and are exclusive of any applicable taxes, levies, or duties imposed by your local jurisdiction. You are solely responsible for any such taxes arising from your purchase.

Your subscription will automatically renew at the end of each billing period unless you cancel it prior to the renewal date. By providing your payment information, you authorize Trader Acelerator or its designated payment processor to charge the applicable subscription fee on each renewal date.

We reserve the right to modify subscription prices at any time. For existing subscribers, price changes will take effect at the start of the next billing cycle following notice via email or in-platform notification.

6. Promotional Rewards, Gamification & Promotional Codes

The Service may include optional promotional, engagement, and gamification features, including but not limited to experience points ("XP"), ranks, badges, certificates, daily challenges, a rewards wheel or "spin" feature, leaderboards, streaks, and promotional discount or coupon codes (collectively, "Rewards Features"). These features are provided purely for engagement and promotional purposes and form no part of the paid educational value of any subscription.

No monetary value; not gambling. Participation in any Rewards Feature, including the daily challenge and any rewards wheel or "spin," is free and requires no purchase, payment, wager, stake, or consideration of any kind to participate, and opportunities to participate are earned through ordinary, free use of the Service. Any reward, virtual item, XP, rank, badge, or promotional code has no cash value, is not money, is not redeemable for cash, and cannot be sold, traded, transferred, or assigned. These features are promotional in nature and do not constitute gambling, a lottery, a raffle, a sweepstakes

consideration, betting, or a game of chance for money. They are void where prohibited or restricted by law, and you are responsible for ensuring your participation is lawful in your jurisdiction.

No entitlement; discretionary and revocable. XP, ranks, badges, certificates, challenge results, wheel prizes, and any other Rewards Feature are granted at our sole discretion and confer no ownership, vested right, or entitlement. We may, at any time and without notice or liability, create, modify, suspend, recalculate, reset, devalue, or discontinue any Rewards Feature; change the rules, odds, availability, thresholds, or prizes of any challenge or wheel; and correct, adjust, reverse, or revoke any XP, rank, reward, or code that was granted in error, through a technical malfunction, or in violation of these Terms.

Promotional & discount codes. Any promotional, discount, or coupon code (including codes won through a Rewards Feature) is personal to the account to which it is issued, is single-use unless expressly stated otherwise, is non-transferable, has no cash value, may be subject to minimum purchase, plan, expiration, or other conditions, and may not be combined with other offers unless we state otherwise. We may decline, cancel, or invalidate any code that has expired, that we reasonably believe was obtained, distributed, or used through fraud, error, automation, duplication, or abuse, or that is presented by an account other than the one to which it was issued.

Anti-abuse. Any attempt to manipulate, automate, falsify, or otherwise game the Rewards Features — including tampering with requests between your device and our servers, exploiting bugs, submitting results you did not legitimately achieve, manipulating your device clock, or operating multiple or automated accounts — is strictly prohibited. We may reverse the affected rewards, void related codes, and suspend or terminate the offending account(s) without notice or refund. Our records are the final and authoritative determination of any XP, rank, reward, or code balance.

Rewards Features do not change the educational nature of the Service, are not an inducement to trade, and do not constitute or imply any financial advice, financial product, or thing of monetary value.

7. Refund Policy

No Refunds: All payments made to Trader Acelerator for any subscription plan, digital content, or downloadable material are final and non-refundable, except as expressly stated below.

You acknowledge and accept that, given the immediate digital nature of the Service and the instant delivery of access to educational content upon payment, and except to the extent required by applicable law, no right of withdrawal, cooling-off period, or refund applies once a subscription has been activated or digital content has been delivered or made available. Where mandatory consumer-protection rules in your jurisdiction grant you rights that cannot lawfully be waived, those rights are not waived except to the extent permitted by law.

Sole Exception — Verified Technical Failure: A refund or account credit may be considered solely in cases of a documented technical failure exclusively attributable to Trader Acelerator's infrastructure that completely prevents access to the subscribed Service for a continuous period exceeding seventy-two (72) hours, and only upon timely written request submitted to our support contact. Trader Acelerator retains sole discretion to determine whether the reported failure qualifies and whether to issue a refund or an equivalent account credit.

No refunds will be issued in any of the following circumstances, including but not limited to: dissatisfaction with content, change of mind, failure to use the Service, account suspension or termination due to violation of these Terms, or inability to access the Service due to the User's own device, connection, or jurisdictional restrictions.

8. Intellectual Property & Content License

All content, materials, features, and functionality available through the Service — including but not limited to text, graphics, diagrams, SVG illustrations, PDF documents, educational guides, software, audio, video, logos, trademarks, and the overall look and feel of the platform — are the exclusive intellectual property of Trader Acelerator and are protected by applicable copyright, trademark, and other intellectual property laws.

Limited Personal License: Subject to your compliance with these Terms and timely payment of applicable fees, Trader Acelerator grants you a limited, non-exclusive, non-transferable, non-sublicensable, revocable license to access and use the Service and its content solely for your own personal, non-commercial educational purposes.

Strictly Prohibited: You may not, under any circumstances and without the prior written authorization of Trader Acelerator: (a) reproduce, copy, distribute, publish, transmit, or broadcast any content from the Service; (b) sell, resell, rent, lease, sublicense, or otherwise commercially exploit any content or any portion thereof; (c) share, forward, upload, or make available any downloaded or purchased digital content — including PDF documents — to any third party through any medium; (d) modify, adapt, translate, reverse-engineer, or create derivative works based on the Service's content; or (e) use any content for any public display, commercial presentation, or any purpose other than personal educational use.

Any unauthorized use, reproduction, or distribution of Trader Acelerator's intellectual property constitutes both an infringement of copyright under applicable law and a material breach of these Terms, and may result in immediate account termination, civil liability, and/or criminal prosecution to the fullest extent permitted by law.

By submitting content to public areas of the Service (such as forum posts or comments), you grant Trader Acelerator a perpetual, irrevocable, worldwide, royalty-free license to use, display, and moderate such content in connection with the operation of the Service.

9. Prohibited Conduct

You agree not to engage in any conduct that Trader Acelerator, in its sole discretion, determines to be harmful, abusive, fraudulent, or otherwise inconsistent with the spirit and purpose of the Service. Prohibited conduct includes, but is not limited to, the following:

- Violating any applicable local, national, or international law or regulation.
- Impersonating any person or entity, or falsely representing your affiliation with any person or entity.
- Creating multiple accounts or using another person's account without authorization.
- Posting, transmitting, or distributing spam, unsolicited messages, or commercial solicitations through any feature of the Service, including the trading forum.
- Engaging in harassment, threats, intimidation, hate speech, or any form of abusive, discriminatory, or offensive behavior toward other users or members of the Trader Acelerator team.
- Uploading, posting, or transmitting any content that is unlawful, obscene, defamatory, pornographic, or otherwise objectionable.
- Attempting to gain unauthorized access to any portion of the Service, other user accounts, or associated systems or networks.

- Using automated tools, bots, scrapers, or similar means to extract data from the Service without express written permission.
- Interfering with or disrupting the integrity, performance, or security of the Service or its underlying infrastructure.
- Using the Service for any fraudulent purpose or in connection with any criminal activity.
- Sharing, reselling, or otherwise distributing access to your account or any paid content obtained through the Service.
- Manipulating, cheating, or gaming any rewards, gamification, XP, rank, challenge, quiz, or promotional-code system — including exploiting bugs, tampering with requests between your device and our servers, submitting results you did not legitimately achieve, altering your device's date or time, or using automation or multiple accounts to obtain rewards or codes.

This list is illustrative and not exhaustive. Trader Acelerator reserves the right to determine, at its sole discretion, whether any conduct violates these Terms and to take appropriate action accordingly.

10. Termination & Suspension

Trader Acelerator may suspend, restrict, or permanently terminate your account and access to the Service for a material breach of these Terms, prohibited conduct, fraud, abuse, legal or regulatory compliance, a security risk, or any conduct reasonably likely to harm the Service, other users, or our business. For issues that are not related to fraud, security, or legal compliance, we will, where practicable, provide notice and a reasonable opportunity to cure before terminating. Suspension or termination on grounds of fraud, security, or legal compliance may take effect immediately and without prior notice.

Termination for Cause — No Refund: In the event your account is suspended or permanently terminated due to a violation of these Terms or any applicable policy, your access to the Service will cease immediately upon such action, and no refund of any subscription fees or payments will be issued, regardless of any remaining subscription period. Termination for cause is permanent — banned accounts may not re-register under the same or a different identity.

You may cancel your subscription at any time through your account settings. Cancellation can be completed online by yourself, using the same method by which you subscribed, without contacting support and without being required to pass through any retention or "save" offer. Cancellation will take effect at the end of the current billing period, and you will retain access to the Service until that date. Voluntary cancellation does not entitle you to any refund for amounts already paid.

Upon termination of your account for any reason, all licenses granted to you under these Terms will immediately terminate, and you must cease all use of the Service and any content obtained through it.

11. Disclaimers

THE SERVICE IS PROVIDED ON AN "AS IS" AND "AS AVAILABLE" BASIS, WITHOUT ANY WARRANTIES OF ANY KIND, EITHER EXPRESS OR IMPLIED. TRADER ACELERATOR EXPRESSLY DISCLAIMS ALL WARRANTIES, INCLUDING BUT NOT LIMITED TO IMPLIED WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE,

ACCURACY, NON-INFRINGEMENT, AND UNINTERRUPTED OR ERROR-FREE OPERATION.

We do not warrant that the Service will be available at all times, that it will be free of errors or security vulnerabilities, or that any defects will be corrected. We do not warrant the accuracy, completeness, or usefulness of any content on the platform.

The Service may be temporarily unavailable due to scheduled maintenance, unplanned outages, infrastructure failures, third-party service disruptions, or causes beyond our reasonable control. We will make reasonable efforts to restore availability promptly but do not guarantee any specific response time or resolution period. No compensation, credit, or refund will be issued for any period of unavailability.

No guaranteed response or resolution times. Trader Acelerator is operated by a small team. While we are committed to resolving bugs, errors, and service disruptions as quickly as possible, we do not guarantee any specific response time, fix timeline, or resolution deadline for any reported or discovered issue. Resolution times may vary depending on the complexity of the issue, team availability, and third-party dependencies. By using the Service, you acknowledge and accept that technical issues may take time to investigate and resolve, and you agree not to hold Trader Acelerator liable for any inconvenience, loss of access, or damages arising from the time required to address such issues.

Trader Acelerator makes no representations or warranties regarding the suitability of any educational content for your specific circumstances, trading style, risk tolerance, or financial situation.

12. Limitation of Liability

TO THE MAXIMUM EXTENT PERMITTED BY APPLICABLE LAW, IN NO EVENT SHALL TRADER ACELERATOR, ITS OPERATORS, AFFILIATES, LICENSORS, OR SERVICE PROVIDERS BE LIABLE FOR ANY INDIRECT, INCIDENTAL, SPECIAL, CONSEQUENTIAL, PUNITIVE, OR EXEMPLARY DAMAGES OF ANY KIND, INCLUDING BUT NOT LIMITED TO LOST PROFITS, LOSS OF DATA, LOSS OF GOODWILL, BUSINESS INTERRUPTION, OR ANY FINANCIAL LOSS, ARISING OUT OF OR RELATED TO YOUR USE OF OR INABILITY TO USE THE SERVICE, EVEN IF WE HAVE BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES.

IN NO EVENT SHALL THE TOTAL AGGREGATE LIABILITY OF TRADER ACELERATOR TO YOU FOR ALL CLAIMS ARISING OUT OF OR RELATED TO THESE TERMS OR THE SERVICE EXCEED THE GREATER OF: (A) THE TOTAL AMOUNT YOU PAID TO TRADER ACELERATOR IN THE TWELVE (12) MONTHS IMMEDIATELY PRECEDING THE EVENT GIVING RISE TO THE CLAIM, OR (B) ONE HUNDRED UNITED STATES DOLLARS (USD \$100.00).

Some jurisdictions do not allow the exclusion or limitation of certain damages. In such cases, our liability will be limited to the greatest extent permitted by applicable law.

13. Indemnification

You agree to defend, indemnify, and hold harmless Trader Acelerator and its operators, affiliates, and licensors from and against any and all claims, damages, losses, liabilities, costs, and expenses (including reasonable attorneys' fees) arising out of or related to: (a) your use of or access to the Service; (b) your violation of any provision of these Terms; (c) your violation of any third-party rights, including intellectual property rights or privacy rights; or (d) any content you submit, post, or transmit through the Service.

We reserve the right, at your expense, to assume exclusive control over the defense of any matter subject to indemnification by you. You agree to cooperate fully with our defense of such claims.

14. Dispute Resolution — Binding Arbitration

Please read this section carefully. It requires you to resolve most disputes with Trader Acelerator through binding individual arbitration rather than in court, and waives your right to participate in class actions.

Informal Resolution First: Before initiating any formal proceeding, you agree to contact us at the email address listed in Section 18 and give us a reasonable opportunity of at least thirty (30) days to resolve the dispute informally.

Binding Arbitration: If the dispute cannot be resolved informally, you and Trader Acelerator agree that any dispute, claim, or controversy arising out of or relating to these Terms or the Service — including questions about the validity, interpretation, or enforceability of these Terms — shall be resolved exclusively through binding individual arbitration administered by the American Arbitration Association (AAA) in accordance with its Consumer Arbitration Rules, as modified by these Terms. Arbitration shall be conducted in English.

Waiver of Class Actions: You and Trader Acelerator each waive any right to participate in a class action, class-wide arbitration, private attorney general action, or any other representative proceeding. All claims must be brought on an individual basis only.

Exceptions: Either party may seek emergency injunctive or other equitable relief from a court of competent jurisdiction to prevent imminent harm, including unauthorized use or distribution of intellectual property, without waiving the right to arbitrate the underlying dispute.

Small Claims; Arbitration Fees: Notwithstanding this Section, either party may bring an individual claim in a small claims court if the claim qualifies and remains in that court on an individual (non-class) basis. The filing, administrative, and arbitrator fees for any arbitration will be allocated in accordance with the AAA Consumer Arbitration Rules and the applicable AAA Consumer Due Process Protocol, and Trader Acelerator shall pay the arbitrator's compensation and the administrative fees to the extent required by those rules.

Opt-Out: You may opt out of this arbitration agreement by sending written notice to the email address listed in Section 18 within thirty (30) days of first accepting these Terms. If you opt out, you and Trader Acelerator each agree to submit to the exclusive jurisdiction of the courts specified in Section 15.

15. Governing Law

These Terms and any dispute arising out of or related to them or the Service shall be governed by and construed in accordance with the laws of the State of Delaware, United States of America, without regard to its conflict of law principles.

To the extent any dispute is not subject to arbitration under Section 14, both parties consent to the exclusive personal jurisdiction and venue of the state and federal courts located in the State of Delaware for the resolution of such disputes.

If you are accessing the Service from outside the United States, you do so on your own initiative and are solely responsible for compliance with local laws applicable to your jurisdiction. Trader Accelerator makes no representation that the Service is appropriate or available in any particular location.

16. Modifications to These Terms

Trader Accelerator reserves the right to modify these Terms at any time. When we make material changes, we will update the "Last updated" date at the top of this page and, where appropriate, notify you via email or an in-platform notice.

Your continued use of the Service after any such modification constitutes your acceptance of the updated Terms. If you do not agree to the revised Terms, you must discontinue your use of the Service. We encourage you to review these Terms periodically.

17. General Provisions

Entire Agreement: These Terms, together with our Privacy Policy and any other policies referenced herein, constitute the entire agreement between you and Trader Accelerator regarding the Service and supersede any prior or contemporaneous agreements, communications, or proposals, whether oral or written.

Severability: If any provision of these Terms is found by a court or arbitrator of competent jurisdiction to be invalid, illegal, or unenforceable, that provision shall be limited or eliminated to the minimum extent necessary, and the remaining provisions shall remain in full force and effect.

No Waiver: Our failure to enforce any right or provision of these Terms shall not be deemed a waiver of such right or provision.

Notices; Electronic Communications. By creating an account, you consent to receive legally required notices, disclosures, and other communications electronically, and you confirm that you are able to access electronic records in the form we use (such as email and in-product notices). You agree that we may send such communications to the email address associated with your account, by in-product notice, or by other electronic means, and that they satisfy any legal requirement that the communication be in writing, to the extent permitted by applicable law. You may withdraw your consent to electronic communications only where required by applicable law and subject to any consequences disclosed at the time of consent, including that we may be unable to continue providing the Service. You are responsible for keeping your contact information current. Any notice you send to us is effective when received at support@traderaccelerator.com.

Assignment: You may not assign or transfer these Terms, or any rights or obligations under them, without our prior written consent. We may assign or transfer these Terms, in whole or in part, without restriction, including in connection with a merger, acquisition, reorganization, or sale of assets.

Force Majeure: We will not be liable for any failure or delay in performance resulting from causes beyond our reasonable control, including acts of God, natural disasters, war, terrorism, riots, labor disputes, internet or telecommunications failures, or actions of governmental authorities or third-party service or infrastructure providers.

No Retroactive Changes to Paid Periods: Any changes we make to these Terms, to subscription prices, or to the features included in a plan will not retroactively reduce the access or features you are entitled to for a billing period you have already paid for in full; such changes take effect, at the earliest, at the start of your next billing cycle as described in Section 5.

Survival: Sections of these Terms that by their nature should survive termination of your account or these Terms — including, but not limited to, Intellectual Property & Content License, Disclaimers, Limitation of Liability, Indemnification, Dispute Resolution, Governing Law, and this General Provisions section — shall survive any such termination.

18. Contact

For questions, concerns, legal notices, or support requests related to these Terms or the Service, please contact us at:
